

NCR695-nn

Product Specifications

NCR695 SpacePole® solution allows either the NCR EasyPoint Advantage™ to fix to a wall or to any secure vertical surface providing a 25° angle. Cables and the power pack are managed internally using a 2 part solution design, which also ensures a simple and fast installation. Ideally suited for simple product information and price verification applications.

 -05 - Iron Grey

Note: No fixings are provided on wall mounts, the installation engineer needs to ensure the right screws are used for the particular wall they are fixing to.

All SpacePole installations for the NCR EasyPoint Advantage™ ensure the Kiosk can be installed in any environment in a safe and secure manner, providing piece of mind for the investment made on the technology.
